The first batch of HK Tech Tiger students are ready to become future leaders at City University of Hong Kong (CityU).

After introducing our future veterinarians and biomedical engineering entrepreneur in the first two episodes, this final programme will introduce a future intelligent engineering entrepreneur.

Peilin has cultivated a keen interest in intelligent technology since childhood. He believes that cross-disciplinary knowledge can change the world. The HK Tech Tiger programme has helped him build a network with industry elites and laid down a foundation for him to become an entrepreneur in the future.

Let the world hear your roar!

香港城市大學（城大）首屆「HK TECH老虎班」學生已經準備就緒，在成為明日領袖之路上展翅翱翔。

之前兩段短片分別介紹過明日獸醫及未來生物醫學工程企業家，今次將為大家介紹明日智能工程企業家。

培霖自小對智能科技有濃厚興趣，深信跨學科的知識可革新世界。HK Tech Tiger的計劃助他建立與業界精英的網絡，為他日後成為創業家奠下基礎。
